SCHABLONEN

iwata

by ANEST IWATA

#1 Templates in Airbrushing™

Die Artool® Freihand® Airbrush Schablonen sind eine optimale Bereicherung für jeden, der mit einer Airbrushpistole arbeitet. Die lösungsmittelbeständigen Vorlagen können leicht um unregelmäßig geformte Oberflächen gebogen werden.

Grenzen Sie Formen und Konturen auf jeder Oberfläche ab. Drehen Sie die Schablonen, Flippen Sie sie um die Form, die am besten funktioniert oder halten Sie sie mit etwas Abstand zum Untergrund, um eine weiche Kante zu schaffen. Wie auch immer Sie diese Schablonen verwenden, Sie können sicher sein Ihnen wird Großes gelingen.

Die Reinigung der Schablonen erfolgt mit Lösungsmitteln.
