TEMPLATES

**iwata**

by ANEST IWATA

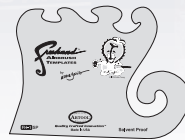

# #1 Templates in Airbrushing™

The Artool® Freehand® Airbrush Templates are a real asset to anyone who uses an airbrush. Delineate shapes by matching the contours of the Freehand® Airbrush Templates with the subject matter. Simply rotate or flip-flop these templates to find the shape which works best for a hard-edge shape, or you can raise the template slightly to create a soft-edge contour. Most Artool® Freehand® Airbrush Templates are SOLVENT PROOF and can be easily used with water-based and solvent-based paints.

Look for artist's step-by-step included on package in Spanish and English.

# MINI SERIES

Many Artool® favorites... in a smaller size!

Many of the eye-popping, ever-popular Artool® Freehand® Airbrush Templates are available in a smaller size! They can be easily rendered on smaller projects such as 1/8th - 1/25th model scales, RC cars, model airplanes, trains, cars and kits, figure models, body art and a myriad of kustom automotive applications!

All templates are sold as a set. Approximate size of each template: 5" x 7"
