Professional *Airbrush* Maintenance Tools

Iwata Professional Airbrush Maintenance Tools
Designed For Iwata And NEO Airbrushes

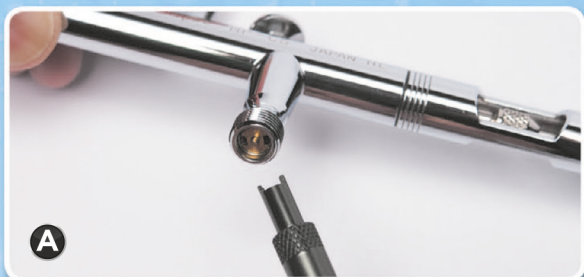

Fine Tune Your Airbrush For Ultimate Performance

Great for Travel!

Iwata Professional Airbrush Maintenance Tools

Zippered case with removable zippered accessory pouch and needle storage tube holds tools and airbrushes (airbrushes not included)

Iwata Air Valve Guide Wrench

Easily customize the main lever spring tension or replace the air valve

Iwata Soft Jaw Pliers

Specialized pliers to assemble or disassemble an airbrush without damaging the chrome surface

Iwata Needle Packing Screw Drivers (1.2 mm and 1.4 mm)

Easily remove, assemble and adjust the airbrush needle packing set (needle packing screw and packing)

Iwata Nozzle Wrench

Remove or tighten the nozzle without the risk of over-tightening

Fits all airbrushes except the Iwata Eclipse Series airbrushes and the NEO for Iwata TRN2 side-feed trigger airbrush
